

# BERNINA 1150MDA

## Stitch Package

15 Stitch Variations  
7 2-Thread Overlock Stitches;  
8 4/3-Thread Overlock Stitches

### GENERAL MACHINE FEATURES and BENEFITS

<b>Color-coded Threading Paths</b>	Color-coded threading paths, along with a threading diagram inside the looper cover, ensure accurate threading every time.
<b>BERNINA Lay-in Threading System</b>	The fuss-free lay-in threading system allows for quick and direct threading.
<b>Swing-out Presser Foot</b>	A patented feature, the presser foot swings to the side providing ample space for easy threading and hassle-free needle changing.
<b>Semi-automatic Needle Threader</b>	The built-in Needle Threader aids in successful threading of the needles.
<b>Automatic Lower Looper</b>	The Automatic Lower Looper Threader aids in the quick threading.
<b>Handwheel Position Indicator</b>	In one easy, ergonomic operation, the ideal threading position for the needles and the lower looper is indicated straightaway.
<b>Automatic Thread Tension Release</b>	All four tensions are released when the presser foot is raised making it easy to move a project from underneath the presser foot.
<b>Standard Light Bulb</b>	A standard sewing machine light bulb illuminates the sewing area.
<b>Safety Switch</b>	An open looper cover or fabric support plate activates the Safety Switch, preventing accidental operation of the serger during the threading process.

### SEWING MACHINE FEATURES and BENEFITS

<b>Maximum Sewing Speed</b>	1500 stitches per minute.
<b>1 - 4 mm Stitch Length</b>	Infinitely variable, stitch length can be adjusted to perfection, even while sewing.
<b>3 - 9 mm Overlock Seam Width</b>	A wide range of seam widths assures successful seaming for all types of fabrics.
<b>Micro Thread Control</b>	Thanks to the patented <i>mtc</i> thread control, the over-edge thread length can be set directly resulting in the perfect seam at the twist of a knob!
<b>Differential Feed</b>	Stepless differential feed ensures wave-free seams in knits and prevents puckering in fine fabrics, while allowing deliberate gathering as an option.
<b>Built-in Rolled Hem Lever</b>	Simply move the rolled hem lever to switch easily to a rolled-hem stitch and back again – no need to change the stitch plate or presser foot.
<b>Front Foot Lift System <i>plus</i> Two-step Foot Lift System - 6 + 2 mm</b>	The front foot lift gives an additional lift to the front of the presser foot enabling accurate positioning of multiple layers or bulky fabrics underneath it. This feature is in addition to the Two-step Foot Lift System for added clearance.
<b>Professional Knife Drive From Above</b>	The cutting mechanism provides a highly robust cutting force. Even thick fabrics won't deflect the upper knife; all fabric edges are trimmed safely and accurately.
<b>Swing-out Upper Knife Arm</b>	The upper-knife arm is quickly released at the press of a button swinging upward to provide more room when opting not to trim the fabric edge in various stitch variations.
<b>Presser Foot Pressure Adjustment</b>	By simply turning an exterior knob, the presser foot pressure is adjustable to accommodate sheer to thick fabrics. 3 step adjustment.

**STITCH VARIATIONS**

4/3 Thread Overlock Stitch	
4-Thread Overlock w/ integrated safety	
3-Thread Super-stretch Seam	
3-Thread Overlock Seam – L needle	
3-Thread Overlock Seam – R needle	
3-Thread Flatlock Seam – L needle	
3-Thread Flatlock Seam – R needle	
3-Thread Narrow Seam	
3-Thread Rolled Hem	

2 Thread Overlock Stitch	
2-Thread Wrapped Overlock Seam – L needle	
2-Thread Wrapped Overlock Seam – R needle	
2-Thread Flatlock Seam – L needle	
2-Thread Flatlock Seam – R needle	
2-Thread Rolled Hem	
2-Thread Overlock Seam – L needle	
2-Thread Overlock Seam – R needle	

# BERNINA 1150MDA Accessories

### 3 Presser Feet:

- Standard Serger Presser Foot with Tape Guide
- Blindstitch Foot
- Elasticator Foot

### Additional Accessories

- Upper Looper Converter
- 1 pkg. Needles - 130/705H
- Small Screwdriver
- Large Screwdriver
- Tweezers
- Brush / Needle Inserter

### Additional Accessories:

- Small Oil Tube
- 2 Thread Nets
- Replacement Lower Knife
- 4 Spool Caps
- Bulb Holder
- Waste Collector
- Accessory Bag
- Dust Cover

### WARRANTY

- 5 years Mechanical
- 1 years Electrical
