

# Twilight Garden Quilt

Introducing *Twilight Garden*, a new sew- and quilt-along project designed to highlight key features of BERNINA machines. This project uses decorative sewing techniques, BERNINA accessories, and the special features of BERNINA machines to create a unique and modern quilt, finishing 64" x 64" OR 96" x 96".

The quilt is broken down into sections by technique, feature, or accessory used and sorted into 12 "Lessons". Each lesson includes videos of the technique and a written handout to instruct how to complete the technique. Additional handouts are included for the smaller size.
